

A modern, modular wardrobe system with a dark grey frame and light wood-grain interior panels. The wardrobe is illuminated with warm, ambient lighting. It features a hanging rail with several jackets and shirts, a shelf with folded clothes, and a lower section with three stacks of folded clothes. The overall design is sleek and functional.

# antico® VENEERED HINGED WARDROBES

One major advantage that these types of wardrobes have is that they have improved visibility. When the doors of a hinged door wardrobe are open, you can see an entire view of the contents. This allows you to make faster and easier choices of what to wear on a morning!

# antico® LOUVERED HINGED WARDROBES

You can choose between half louvered and full louvered doors. Your choice will depend on your style. Many see half louvers as more elegant but full louvers offer a more architectural style design. Another advantage of louvered doors is ventilation. If you travel a lot or just keep your closet doors closed most of the time your closet can get stuffy. Shifting to louvered doors will keep air circulating, keeping any mustiness at bay.

## antico® STAND-ALONE HINGED WARDROBES

Freestanding wardrobes are easy to move around in case you want to rearrange or redecorate your room. you can also find furniture that will easily match the wardrobe's design. also, you can easily replace or resell it in case you need a new wardrobe. another notable advantage of a freestanding wardrobe is convenience. for people who don't have time to get a custom wardrobe built, a freestanding one will work in the meantime.

# antico® SLIDING WARDROBES

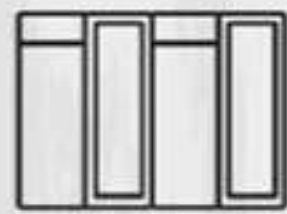

Sliding door wardrobes are a more contemporary storage solution, but also an excellent option to go for, working well in numerous room types. ... Sliding door wardrobes also tend to be larger, with more space for your belongings. Additionally, if you go for a mirrored sliding door wardrobe, it can make your room feel larger!

# antico® WALK-IN WARDROBES

Walk in wardrobes (even small walk in wardrobe designs) have more room. The first and most obvious benefit of a walk in wardrobe design is that it provides sufficient space for organising and storing your clothes, bags, shoes, and other accessories. Walk in wardrobes can double up as a dressing room.
