wallpanels 

Antico wall panels is a pre-fabricated solution for those who appreciate beauty and perfection keeping in mind the transparency of work, money and time they putting into their residence, office, hotels or restaurants etc.

Antico wall panels offers standard & customised designs of interior pre-fabricated wall panels. These can be standard or customised panels with a classic or contemporary design feature. These wall coverings are Multi-functional which can cover an entire wall or ceiling to create an absolute wow affect to your residence, office, hotels or restaurants etc.

Antico offers full decorative wall paneling design and installation of internal wall paneling . We offer both standard and made-to-order custom panel mouldings that can transform plain wall into classic design feature made from veneers, solid wood or PU paint

classic wall panels

antico classic

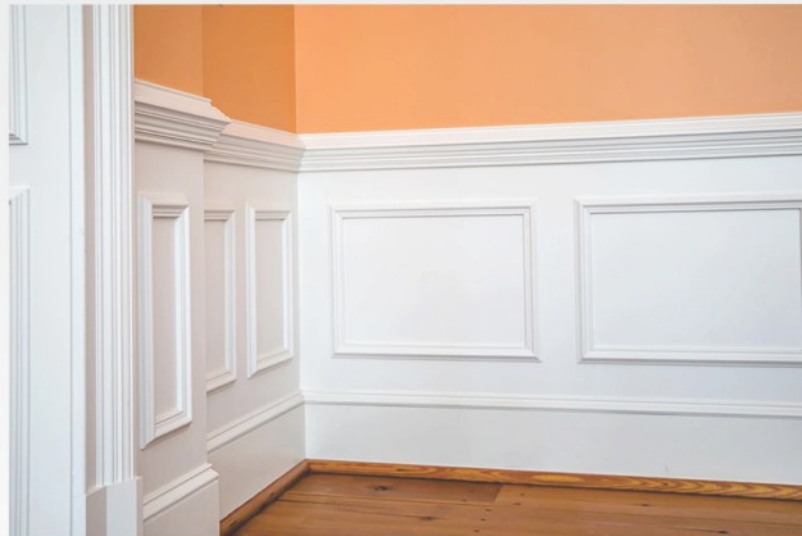

Classic wall paneling is the pre-fabricated solution for those who appreciate the beauty & statement of classic style.

Classic wall panels is timeless and works with all styles of furnishings Antico offers in house wall paneling designing, production and installation of interior wall paneling. We offer both standard and made-to-order panels that transform plain walls into a classic design feature.

TYPES OF WALL PANELS

LOW PANELS

These are the panels with a chair rail at waist height which offers a sense of structured elegance. With low panels the top section of the wall is free, which is perfect where there are low ceilings as the proportions can help them with a taller space in the interiors.

FULL PANELS

Full panels comes in various designs and width options in which pieces are designed to be repeated side by side and on top of another as desired, by combining different dimensions or using a single size. The configurations can be created and finished with its optional crown, middle section, base board and column choices.

contemporary wall panels

antico contemporary

This is a Pre-Fabricated solution for the projects having a modern aesthetic and design . Contemporary wall panels involve finishes and material that are distinctive and creates a unique movement and is a perfect line for out of the box visionaries. These formulate designs that create awareness and challenges existence, acceptance and criticism.
